Project Ideas for CMSE 402

1. *Spanish Wine Quality:*
    1. Find the best wine from Spain that has consistently good reviews.
    2. Find if price has something to do with the rating of the wine
    3. Find the best winery from Spain.
    4. Understand if the body and acidity of a wine affect its rating.

2. *Netflix TV shows and movies:*
    1. Find correlations between different factors like genre, duration, age rating, etc.
    2. Find what makes a show or movie have a good IMDB rating. Is it the duration, or Actor, or director, etc.
    3. Also just finding interesting facts!
